Re: Recent Events

I came out yesterday, am going up to Oakland today and will return home tomorrow. The ships are sailing this week.

Your present was unusual - we're not sure where to hang it! It's not a bad picture at all. Maybe you should get one of the new polaroids. They look pretty good although rather expensive.

We went over to West Virginia this weekend. The leaves have turned and it was very pretty in the bright sunshine. There are tours of the radio telescopes at the astronomy center in Green Bank. One of the telescope dishes is 300 ft in diameter. We took a tour down into Huray caverns which are the fourth largest in the U.S. There are enormous rooms that have lighting to show up the stalagmites and stalactites. This is something to see next time you visit.
